

IMRAAN ABDULLAH

CIVIL CONSTRUCTION ENGINEER (HONOURS)

NEW ZEALAND CITIZEN / AUSTRALIAN (PERMANENT RESIDENT)

+61 433 637 190 | imraan11abdullah@gmail.com | Perth, WA

PROFESSIONAL SUMMARY

Washington Accord accredited Civil and Construction Engineering (Honours) graduate with + 7.0 / 9.0 GPA, attuned to key disciplines across project management, structural, geotechnical, civil, and construction engineering experience gained through major university projects. Strong technical skills and expertise in a variety of engineering software and design tools were developed via coursework, modeling projects, and group projects. Looking to continue gaining real-world industry experience and contribute engineering skills to actual project environments in Perth.

WORK EXPERIENCE

Harvey Norman - New Zealand, Auckland

Nov 2023 – Feb 2024

Sales/ Stock Assistant,

- Worked 600+ hours across stock control, sales support and technical IT operations bay, assistance during the peak Christmas, New Year and Black Friday trading period.
- Contributed to the team during record Black Friday performance, when the store achieved the highest sales nationwide.
- Supported inventory flow and customer enquiries in a fast-paced environment, building practical skills in communication, teamwork and task prioritisation.

Piritahi - New Zealand, Auckland

July 2021

Intern, Civil Engineering Design Team

- Gained early exposure to engineering project workflows and tools
- Supported design team on real projects, meeting quality and pace expectations
- Developed foundational skills in drafting, collaboration, and professional work ethics

EDUCATION

Civil/ Construction Engineering Major - Bachelor of Engineering (Honours)

Feb 2020 – Nov 2025

Auckland University of Technology (AUT), New Zealand, Auckland

Relevant Courses & Skills: Strong foundation in structural and geotechnical engineering, including steel/concrete and timber design, foundations, and soil mechanics. Experienced with construction materials, off-site methods, and sustainable practices. Skilled in project management, quantity surveying, scheduling, and site coordination. Proficient in engineering design, problem-solving, applied mathematics and software such as Microsoft Project, Word, Excel, PowerPoint, QV Cost Builder, Solidworks, Rhino 3D, SAP2000 and Revit.

TECHNICAL SKILLS

Structural Design
Off-Site Methods
Quantity Surveying
Applied Math

Geotechnical Design
Sustainable Design
Scheduling & Planning
CAD & 3D Modelling

Construction Materials
Project Management
Engineering Design
Engineering Software

REFERENCE LETTER OF RECOMMENDATION

28/07/2021

To Whom it May Concern,

This is a letter of recommendation for Imraan Abdullah who completed two weeks of work experience at Piritahi in the civil engineering design team. Piritahi is a land development alliance that prepares government owned land for residential building. It operates across Auckland in a number of neighbourhoods including Mount Roskill, Northcote, and Mangere. Construction, design, and pricing teams work alongside to streamline the development process. This allows the delivery of superlots to our client Kāinga Ora.

Over Imraan's two-week work experience from the 12th till the 23rd of July 2021 he assisted in handover processes with Auckland Council and Watercare. Imraan gained an insight into the life cycle of a land development project and assisted with quality control of packages before being sent to council. Tasks included:

- Preparing council documents to vest drainage infrastructure
- Preparing application letters, inspection reports, certificates, and other documents for internal handovers
- Participated in quality assurance and utility contractor meetings by writing and distributing minutes
- Created a record of quality control documents using Excel
- Compared constructed infrastructure (e.g. footpaths, watermains, drainage) to designed infrastructure and identified differences
- Assisted during site visits

Imraan is a logical and forward thinker with a great attitude, he plans to study civil engineering at university next year and we wish him all the best. He completed each task during his work experience efficiently and with a high degree of quality. Imraan would be a constructive addition to any future team he would like to commit to.

Kind Regards,

A handwritten signature in black ink, appearing to read "Henk Van der Watt", with a stylized flourish at the end.

Henk Van der Watt

Technical Specialist – Land Development

Imraan letter of employment and recommendation

To Whom It May Concern,

I am pleased to write this letter of reference for Imraan Abdullah who worked at Harvey Norman, Mount Roskill branch during his fixed-term contract employment from November 23 2023, to February 25, 2024 amounting to in excess of 600 working hours.

During his tenure, Imraan demonstrated a strong work ethic and commitment to his responsibilities as a stock assistant. He performed well by successfully fulfilling additional duties as both salesperson and assisting in techbay. Imraan's personality has made him a pleasure to work with. He has consistently maintained a positive and cooperative attitude, fostering a harmonious work environment.

Should you have further queries regarding a reference on Imraan, please do not hesitate to contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Shirley Sharma', with a stylized flourish at the end.
